## Plato Dale Farm

Purchase of vegetable share is required for meat, egg, canning shares.

Chicken weights will be tracked. If chicken weights exceed 40# for biweekly or 80# for weekly you will be notified and given the option to pay for more or stop deliveries.

Turkeys will be available later in the season next year. We are adding significantly to our capacity to handle our turkeys responsibly next year. We lost many poults this year due to predators and apologize for the lack of extra turkeys.

You will have an option next year to pick up boxed shares at our markets for no additional delivery charge. We are not able to deliver if pick up is missed. Any missed shares will be donated to a food pantry.

Square is now charging us more and we would prefer checks when possible.

A nonrefundable deposit of \$250 will reserve your share for next year. Two additional payments to pay the balance will be required in the spring. We will bill you for those payments. No deliveries will be made until balances are paid in full. We will communicate further as we are just getting this put together. We anticipate that shares will be sold out.

Thanks again for your support!

Kent, Jenny, Eric, Hannah, Erin, Janet, Russell, Michael, Andrew, Tony, Suzy, Sabina, Esther and our part time crew!
