

Newsletter 02/24/2023

Orders are due Monday 2/27/23 by 8:00 am.
Delivery will be on Wednesday 3/01/23.

This is CSA week, the week most CSA farms do their promotion and signups get rolling. We are hoping to increase our numbers a modest amount. Please get your order in as soon as possible as we don't want our regulars to miss the opportunity. A \$500 downpayment will reserve your share. We will send you an invoice in April and May for half the remainder. The payments make it doable for many of our customers.

The plant sale is also live. For our gardener friends and dabblers.

We are seeding onions, leeks and the greenhouse tomatoes. The greenhouse is already filling up. Working in the greenhouse on a sunny day is curative for seasonal disorders.

The spring calves have started to arrive. They are born on the Bliss Family Farm that keeps them on real milk for about 3 months. The calves are a cross of Jersey Cow and Devon Bull. Jerseys are a dairy cow that is known for their high protein and high fat milk and tender meat. The Devon breed of beef cow is known for their gentle temperament, aggressive grazing and their ability to efficiently turn grass and pasture into growth. We think these calves are the best option for our type of beef.

St. Patricks Day is around the corner and we are offering our corned beef dinner kit from The Heritage Kitchen. It will include the spice kit and meat roast of your choice. You can add carrots and potatoes for a boiled dinner. The brisket is the most fatty, the pot roast is middle of the road and the round roast option is lean. The round roast works great for slicing on sandwiches.

We are putting up a new order form this weekend. It will be a little different and allow for quantity options. If you have an issue let us know. It is a work in progress.

Peace, from the Plato Dale Crew
