Please use our Custom Order CSA for this offseason. Our next delivery is next Wednesday, just in time for Christmas and New Years.

We have Pies, Breads, pickles and other goodies for Christmas.

Our charcuterie/grazing boards are amazing and have had rave reviews. Please look through our cheeses, meats, pickles and other goodies to go on your appetizer tables this coming season. Please help us promote our grazing boards. Call us to get one put together for your party. We will deliver it on a just in time basis with advance notice. Call Jenny to set it up. Leave a message or text if she doesn't answer. - 716.359.8265

We have put up our pork on the custom order. Our pork is not smoked or cured.

One thing Jenny and I did was spend some time with family and friends for the holiday!

We have finally gotten our big tunnel covered this week. It is beautiful and will be a wonderful space for growing and hosting.

With the increasing costs and strain of an organic certification, we are wondering how much you value it. Please give any input you have. We are conflicted and aren't sure.

We have needed to pull back a little this fall as we struggle with personal obligations. Everyone at the farm has had to push towards a healing and restful off season. If we are slow to get back to you, please understand.

Merry Christmas and Happy Holidays from all of us.
