Happy New Year!

This has been a busy week on the farm even though we try to go a little slower this time of year.

Our high tunnel has a new top! To celebrate we put some holiday lights in it to good effect. It really is nice to have one of our projects done!

We are laying a frost wall for a porch at the farmhouse. We are also setting up to finish plumbing and tile the new kitchen. I hope we get a couple more warmer days to finish the concrete work.

Jenny gave me a wonderful Christmas gift of signage on our big Transit van. Tyler and Miranda from Turn of the Century Designs and Signs did a wonderful job!

In the Heritage Kitchen we are going organic nuts! We are playing with recipes for roasting nuts, candied nuts and chocolate! I get to test all of it.

Seed ordering season is here and we will be making our crop plans for the year. If there is something you wish we grew, send me a message and we will look at it.

Signups for the 2024 Home Delivery CSA are now open. The online order form is now open. Please send checks, paperwork and other things to 6009 Curriers Rd. Arcade, NY 14009

Please use our Custom Order CSA for this offseason. Orders are due this Monday 1/1 for delivery on Wednesday 1/3.

I hope this winter brings a sense of renewal for you and your families. I am making myself read more (not just audible), listen to new music and trying to do a little yoga to keep myself limber.

Peace from Kent, Jenny, Eric, Hannah and Erin and Ellen.
